

## **Introducing USA Made Philatron's New Copper Nose Wire for Home-Made and Professional COVID-19 Protective Face Masks**

*Philatron Introduces Copper Nose Wire for Home-Made and Professional Face Masks.*

SANTA FE SPRINGS, Calif. ([PRWEB](#)) June 29, 2020 -- As you walk the manufacturing floor of Philatron Wire and cable there's a humming sound as this California based major wire and cable manufacturer makes copper nose wire for face masks.

Most nose wire is made of steel wire and is only available off-shore. The great two things about Philatron's copper nose wire is that copper is more resistant than steel to COVID-19 and it is Made in America.

"I never thought I'd be manufacturing nose wire," Phil Ramos Jr., CEO, said, "But we are concerned and want to do our part to keep people safe."

Philatron Copper Nose Wire is Available Now!

And is offered in lengths of 4 3/4 inches in packages of 100 at [Amazon](#) or [Santa Fe Supply](#) and on long continuous lengths of 15,000 feet reels direct from Philatron.

Philatron USA Manufacturer
